

TRIBUNOL Forstprotect BIO

Tribunol Forstprotect BIO is a tried and tested product based on vegetable esters and with a special viscosity class with excellent properties.

BESCHREIBUNG

It has very good lubricating properties as well as excellent adhesion, in combination with very good temperature properties. Optimum cutting speed and very good cooling effect ensure a particularly low-wear cutting, even when processing hardwoods. Tribunol Forstprotect BIO is ideally suited for both summer and winter. The proportion of renewable raw materials according to DIN CEN/TS 16137 (DIN SPEC 91236) is about 95%.

The product should not be mixed with other oils.

BENEFITS

- Degradability according to OECD 301 B
- reliable corrosion protection
- strong adhesion
- good wear protection for chain, sword and spur gear
- Good temperature behaviour, even at low temperatures
- economical in consumption, even at high circulation speeds

TECHNICAL DATA

Properties	Method	Value	Unit
Density 15°C	DIN 51757	g/ ml	0,92
Viscosity 40°C	DIN 51562	mm ² /s	100
Viscosity 100°C	DIN 51562	mm ² /s	n.B.
Viscosity index	DIN 2909	-	n.B.
Flash point	DIN ISO 2592	°C	230
Pourpoint	DIN ISO 3016	°C	n.B.

Use in accordance with engine manufacturer's instructions
